

PO Box 207 • Cave Springs, AR • 72718

The results of the special meeting of the board held on 11/12/22

Biltmore community is updating our covenants to look towards our future. To enhance our property owner's freedom to employ alternative energy solutions while doing our part to help improve the environment, solar panels are now a possibility for our community.

Declaration of Covenants, Conditions and Restrictions for Biltmore Subdivision
Section III
Building and Use Restrictions

Q. Solar panel system plans must be submitted to the POA for review and approval. Solar systems will be allowed so long as installation is provided by a licensed professional installer who obtains all required permits and only if the panels meet all health, safety and performance standards.

Sincerely

Biltmore POA Board
